RE: My Little Bear Canoe's

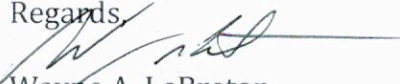

Wow! I just counted by canoes made by Ralph, I own or did own a total of 8 of these Fine Master-Crafted Canoes until my youngest Son had to have one to hang in his new log cabin home!

Now I've got to order one to replace it, Let me tell you these are very well build to detail with superior craftsmanship, of all the canoes that I have No two are alike. Each one was build to my request, some with canvas, some with out, different colors and finishes, stained or oil sealed & different types of wood for trims. Very Custom built to my request for me.

For Conversations and Decorations or even a great gift, These Are It, and the price is a great value for the workmanship, You'll be Proud to show them off.

Thanks So Much! Ralph
